that sometimes the nightmares don't go away even when you're awake... A brand-new Supernatural novel set amidst the turmoil of season 6, that reveals a previously unseen adventure for the Winchester brothers, from the hit CW series!

Revue de presse "Night Terror has all the wit, old rock references and angst that the television series has." -- Fix "Terrifying, thrilling and terrific! A treat for all horror fans." -- Hypable "This is a rollicking book chock-full of horror tropes. With no reasonable limits on what shows up, Passarella throws the kitchen sink at the boys and Clayton Falls. Unlike a lot of tie-in novels, this one could easily stand on its own." -- Dread Central
